Inflation Causes School Budget Strain

Seniors Snapped Tomorrow

Canyon High School seniors will have their pictures taken Friday at the high school according to Miss Bess Brillhart, class sponsor.

Letters to all class members have been mailed out instructing the students to bring a $10 fee when they come for their pictures. Each senior has been assigned a certain time for the photos.

Miss Brillhart said any senior who did not receive a letter should contact her at 655-7697.

66 Workout With Eagles

Canyon High School Eagles will field 66 players this fall, said head football coach Ron Mills, during the week's two-a-day drills Wednesday.

The drills, which began Monday in the morning and evening, are averaging about 61 or 62 boys, Mills added. The 7-member high school coaching staff and the coaching staff of the junior high school are helping the two-a-day drills which will continue mornings and evenings through Saturday.

"We've got some bright spots," Mills commented, "and we've got lots of enthusiasm." And our passing game looks good."

Scrimmages between the junior varsity and third team and between the varsity and third team are sched-

Back To School For Canyon Kids

Approximately 2800 students are expected to register in Canyon Public Schools Thursday and Friday at their respective schools, said Jerry Jacobs, superintendent of schools.

Registration will begin Thursday at Rex Reeves and Gene Howe Elementary Schools said Oscar Hinger, principal at Rex Reeves. Children with last names beginning A-K will register at their respective schools from 8:30-noon today. Children with last names beginning from L-Z will register from 1:30 p.m. for first graders, 3:20 p.m. for second graders; 3:25 p.m. for third graders and 3:35 p.m. for fourth, fifth and sixth graders. Cafeterias will serve lunches and buses will be running.

Enrollment fees will be $3.75 for Grade 1; $4.25 for Grade 2; $4 for Grade 3; $4.50 for Grade 4, and $4 for Grades 5 and 6. Children's lunches are 40 cents per meal and may be paid for by the week or month if preferred.

Information concerning buses may be obtained by phoning L.H. Brotherton at 655-2548. Additional information may be obtained by phoning the principals at the respective schools.

Registration for junior high school students will be Thursday and Friday also, said Dave Corley, CJHS principal. Seventh graders will register from 9-11 a.m. today, eight graders will register from 1:30-3:30 p.m. today and ninth graders will register from 9-11 a.m. Friday. Students may register any time during their respective two-hour periods.

Fees for all students will include a $2 activity fee and $1.50 per semester science lab fee. Seventh graders are required to pay a 50-cent reading lab fee. Fees for art are $1.50 per semester, for shop, $1.50 per semester, and for typing, $2.50 per semester.

Canyon High School registration will also be Thursday and Friday in the commons area and the cafeteria. Seniors will register from 8:30 a.m. until noon. Juniors will register from 1-4:30 p.m. and sophomores are scheduled to register from 8:30 a.m. until noon Friday.

Students will receive their class schedules and locker assignments at registration. Fee required per year at the time of registration will be for art, $3; biology,chemistry I, $3; chemistry II, $5; drafting I and II, $3; drama, $2; physics, $3; shorthand, $3; student activity, $2; typing I, $5; vocational office education, $5; and woodworking I and II, $3. Fees required per semester at the time of registration will be business machines, $2.50; and typing II, $2.50.

Parking permits will be sold to students who desire to park their vehicles on campus. Parking fee is $2.50 per year. Money collected will be used to maintain and improve parking facilities, said Carroll Killingsworth, high school counselor.

School begins Monday for all students. Preparation for the new school year at the schools included painting, work in the school yards, general maintenance and relighting the football field at the high school, Jacobs said.

Gary Tidwell, son of Mr. and Mrs. Brad Castleman of 2518 6th Ave., found a good sized waterfall south of town following Monday nights heavy rains in the area and took time to splash around for a while in the waterfalls and surrounding waterhole.

Jacobs Explains High Expenditures

BY TROY MARTIN

Inflation has been the undoing of Canyon School System's budget, School Supt. Jerry Jacobs told the board of trustees Tuesday night.

He reported expenditures of $80,000 more than budgeted and $44,000 above income for the 1970-71 school year which ends Aug. 31.

"It's what's happening to businesses all over the country," Jacobs noted as he made the report. Jacobs said $54,167 in unbudgeted expenditures on special projects also contributed to the overage.

"This has been a hectic year," Jacobs went on.

He said administrative costs were up $6,140 more than expected. Instruction was up $4,229 Transportation $6,934, plant operation $12,621 and maintenance $16,406.

A big part of the plant operation overage was at the new Canyon Junior High School where $8,500 was budgeted for electricity and the bill came to almost twice that figure.

Jacobs said the school architect would be called in and some way to cut down on electrical consumption at the junior high school would be studied.

Business Manager Bobby Phillips pointed out that equipment in most of the school's buildings is 10 years old or older and that the tab for maintenance would continue to increase until some of it is phased out and replaced.

"Fixing old equipment can be expensive," he declared.

Jacobs told the board that the school dipped into the unencumbered operating fund $62,655 but there was a bright spot. The unencumbered interest and sinking fund showed an increase of $7,754.

The board accepted the amended budget and set Sept. 20 as the date for a public hearing on the 1971-72 budget.

Jacobs presented a preliminary budget of $2,420,134 Tuesday night.

The superintendent said local maintenance tax is expected to generate $668,560 as compared to $640,520 for the current year.

Total revenues including money from state sources is expected to come to $2,403,452. Again next year the school expects to eke out its budget by spending about $17,000 from unen-

Pony Express Tonight

Randall County Sheriff's Posse will host the Sixth Annual World Championship Arena Pony Express Tournament at 8 p.m. Thursday and Friday at the new sheriff's posse arena.

The tournament was originally scheduled for July 23 — 24 in conjunction with Canyon Days celebration, but was canceled due to the state-wide quarantine of horses because of fear of the spread of equine encephalomyelitis.

R. B. Allen of Fort Worth, president of the American Association of Sheriff's Possees and Riding Clubs, is expected to be here to dedicate the new arena, located two miles south and one-half mile west of Canyon. The arena has 3,000 capacity grandstand.

Chairmen for the tournament are Jim Plain, Leroy Gross and A.P. Sanford.

Admission to the tournament will be $1.50 for adults and 75 cents for children 12 years of age and under.

Trophy belt buckles will be awarded each member of the first, second and third place teams. First place winning team will also receive the hand-tooled "Traveling Saddlebags" trophy. Any team that wins the tournament three years consecutively will receive the "Traveling Saddlebags" as a permanent award. The Plainview Red team of Plainview has won the tournament the past two years and will compete in this year's tournament.

Fourteen teams have entered the competition, including the Blue Boys of Amarillo, Swisher County Sheriff's Posse of Tulia, the Plainview Red, Childress Lancers of Childress, Taylor County Sheriff Posse of Abilene, Sandhill team of Floydada, the Crowley Ramblers and another team from Burleson, the Lubbock Yellow Jackets and another team from Lubbock, the XIT Rangers of Dalhart, the Petersburg Express of Petersburg, the Lewisville Express of Lewisville and the Alvaredo Club of Alvaredo.

The Randall County Sheriff's Posse will not compete. The 14 teams will include 12 mens teams and two women's teams.

During the competition, eight male adult riders are required to make up a team and each team will participate in a round robin go-round. Riders run one at a time against members of the other team in the relay until each competitor has circled the arena and has passed his saddlebags to the next member. The eight and finals riders race to a barrel in the center of the arena where they must place the saddlebags inside the barrel first is declared winner of the race.

Races are scheduled at intervals of five minutes. There will be two and a half hours of racing. Winners will be announced Saturday night following the final race. First place winning team will claim the "Traveling Saddlebags."

The tournament will be conducted according to the Pony Express rules of the American Association of Sheriff's Posses and Riding Clubs.

Swisher County Sheriff's Posse won the tournament in 1966 and 1968. Randall County Sheriff's Posse won in 1967 and the Plainview Red team has won since.

WTSU Registration Slated Aug. 26-27

Registration for day class at West Texas State University will be conducted Thursday and Friday, Aug. 26-27 in the Activities Center.

Evening class and late registrations will be held beginning at 8 a.m. Aug. 28.

Freshmen and seniors will register Aug. 26 and sophomores, juniors and graduate students the next day.

Students are required to register and pay fees in person, Dr. Donald Cates, dean of admissions and registrar, said. Registration permits and WT Identification Cards or Social Security numbers must be presented at time of registration, he said.

Time of registration for each student will be determined by the letter with which his last name begins. The following alphabetic order will be followed on both days:

8-8:30	C-D
8:30-9	E-G
9-9:30	Ha-He
9:30-10	Hf-Hz
10-10:30	I-J

County Sends Letter

Randall County Commissioners fired off a letter to Gov. Preston Smith urging reconsideration of several bills passed by the 62nd legislature following the meeting Monday.

The letter, signed by County Judge Woody Pond and the four Commissioners, stressed three major areas which the county board feels will increase expenditures of county funds, and "which have no apparent merit."

The three areas involve the voter registration law, the new jury law and court appointed attorneys fees.

"The voter registration law as it is presently written will cost our county, with a population of 54,000, an estimated $20,000 a year more than it has in the past. This will mean that some small percentage more of people will be registered than before, but it is very doubtful if these people will go to the polls and vote," the letter read.

Concerning the jury law, the court said, "The jury law has been changed to such an extent that we anticipate having to call twice as large panels than we have in the past, simply because once a person is excused for any reason from serving as a juror in any one case, he is automatically excused for that entire term of court. This increase, besides creating an inconvenience to the citizens of the state who are called for jury duty, will mean at least a doubled expense for all counties in paying prospective jurors."

The court also showed concern with the law for court appointed attorneys.

"The legislature also enacted a law whereby the fees received by court appointed attorneys were exactly doubled from their previous set rates. Obviously, by doubling these fees the cost to the counties es exactly doubled."

According to Assistant District Attorney Dick Dambold, the new law covering court appointed attorneys has not quite doubled the fees, but does definitely increase the charge.

He explained that an attorney will get paid not less than $50 for each day in trial, and if the death penalty is being asked, the fee will not be less that $250 per day.

Attorneys, according to the new law which becomes effective Sept. 1, will get paid not less than $350 in an appeals case, and not less than $500 in an appeals involving the the death penalty.

"This Commissioners Court feels that the above enumerated items are use-

Panhandle Industry Lags, Says Economist

BY TROY MARTIN

Industry in the Panhandle has not kept pace with industry across the nation, a West Texas State University economist told the Panhandle Regional Planning Commission in an Amarillo meeting Wednesday afternoon.

Sam Keeley WTSU economist, said his figures were drawn from statistics over the decade from 1959 to 1968.

The statistics quoted were not late enough to take in advent of the Panhandle's burgeoning feedlot and packing industries.

Keeley said the Panhandle her pinned much of its hope for income on the agriculture and mining industries. Both are fading he said.

The economist obviously was referring to oil and gas industries when he spoke of mining. He noted that there has been a migration to large metropolitan centers;

Absentee Voting Begins

Absentee voting on the local liquor option in Randall County Justice Precinct 4 begins today and ends Friday, Sept. 3. The election will be held Wednesday, Sept. 8.

County Clerk LeRoy Hutton said application for mail ballots may be obtained from the county clerk's office in Canyon and Amarillo annex at 3806 Bowie.

Persons wishing to vote absentee by personal application may go to the Amarillo annex and apply.

Schultz Assumes School Manager Job

Ray Schultz of Amarillo has been hired to replace Bobby Phillips who resigned as school business manager to accept a position with the regional services organization at Midland.

Schultz, 47 years old, was hired at $15,000 a year.

RAY SCHULTZ

He presently is employed in computer payroll and accounting with Panhandle Educational Services Organization in Amarillo.

He holds a BBA and Master of Education from West Texas State University. He began his teaching career here at Canyon and after serving as business teacher for three years he became business manager for the Canyon school system.

From here he moved to Dumas as business manager and remained there for seven years. He was superintendent at White Deer five years and at Olton five years before joining PESO.

He and Mrs. Schultz have three grown children.

Phillips came here four years ago from Wichita, Kan. Mrs. Phillips has been employed at the Blackwell Agency here. The couple has three children.

FROM THE CANYON RIM

by Troy Martin

Not being an economist, I could only guess at the economic result of Nixon's new policy.

The stock market shot upward which would seem to be some kind of indicator. However, it has bounced before only to tremble and fall.

Remember in economics I am the lowliest layman but it seems to me that floating the dollar in the international market was long past due. It amounts to a devaluation but it seems to me that it's going to put this country on a sounder footing in international trade.

People who felt the most acute and swiftest reprocussions were the travelers abroad who for the first time found their money was without honor in a far country.

John Connally's influence was apparent in the new Nixon move. The political star of the tall Texan from Floresville seems to be in the ascendancy again.

It is ironic that Connally appears now to be the right arm of the man he helped John Kennedy to defeat for the Presidency in 1960.

US News & World Report says Spiro Agnew, played down by the White House in recent weeks, may not have to be dumped. That magazine in its Washington Whispers said there is talk that Agnew is tired of being vice president anyway.

Connally — protege of Lyndon Johnson, member of the Kennedy cabinet and LBJ's mentor in the notorious Duval County vote scandal which catapulated Johnson to the Senate and finally to the White House — could wind up as Nixon's number two man.

As Newsweek aptly pointed out in a recent profile on the Secretary of the Treasury, John Connally isn't going to be satisfied to be number two at anything for long.

Bike Riders Class Set

Bike riders class will be conducted at 9 a.m. Saturday in the Canyon Community Center under the direction of the city police department, according to police chief Calvin Costley.

Costley said the school will be conducted to inform bike riders of the new state regulations which became effective recently.

Some of the regulations include bike riders not riding on side walks in business districts, and not carrying passengers on a bike unless the vehicle is designed to hold more than one.

"You can't carry someone on the handle bars of a bike, but you can put someone on the back if it is designed for that," Costley explained.

The Saturday meeting will provide law officers an opportunity to explain the law, give bike inspections and issue courtesy drivers license to qualified riders. Flag decals will also be issued.

The law prohibits persons on bicycles, coasters, roller skates, sleds or toy vehicles from attaching "the same or himself" to any streetcar or vehicle upon a roadway."

A rider may not carry packages or articles which prevent him from keeping at least one hand on the handlebars, and bikes ridden at night must have a white light visible from at least 500 feet in front and a red light or reflector from 50 to 300 feet to the rear.

STUDENT DRESS CODE

PURPOSE

The purpose of the student dress code at Canyon High School is intended to support the following factors:

1. To assist in maintaining an educational climate in which teaching and learning can take place, free of disruption of any kind including distracting forms of dress and/or grooming.

2. To establish guidelines which provide students with set boundaries in dress and grooming during an era when fads and styles have veered extremely from the established norm.

3. To ensure a continuance of a favorable school image via appearance of its students at school and at interscholastic activities.

The purpose of the student dress code at Canyon High School is not intended to support the following factors:

1. To stifle the self-expression of any student via dress and grooming habits by narrow and rigid regulation.

2. To burden families in a financial way by prescribing modes of dress which are too costly to support.

3. To accept and/or enhance the image projected by Yippies, Hippies and other such groups.

GUIDELINES

Boys — Wear sleeved shirts tucked in unless specifically made to be worn outside. Wear belts unless trousers made specifically to be worn without belt. Hair well-groomed, clean and trimmed, the length to be above the collar in back, out of the eyes, and not to extend below the ear and are well trimmed. Mustaches and beards are not acceptable. Wear shoes with socks. Shoes should not have metal tips or cleats.

Girls — Wear blouse and skirt, blouse and jumper, sweater and skirt, suit, or conservative school dress. Jeans, sweat shirts, hip huggers, knickers, items of see-through materials, bare midriffs, shorts, immodestly fitted sweaters or skirts, hot-pants, and miniskirts are not acceptable wear. Culottes are permitted so long as they have the appearance of a skirt and are fitted properly. Scooter skirts are permissible so long as they have panels in front and back. Properly fitted pant suits or dress slacks with appropriate tops (coordinated, hip length) are permissible. The pants and slacks should be loosely fitted with not exaggerated flair in the legs and should be at least ankle length. Hair rollers, hair clips, or excessive make-up is generally inappropriate school wear.

Judgment concerning compliance with these guidelines will be made as necessary by the administration of this school. Furthermore, similar judgments will be made concerning modes of dress and grooming not specifically mentioned in the above guidelines. Failure to comply will result in corrective measure.

Wells Family Honors 91st Birthday

J.O. Wells of Lubbock celebrated his 91st birthday last Thursday in the home of his son and daughter-in-law, Mr. and Mrs. Roy Wells of 1307 Seventh Ave. in Canyon.

Guests for the dinner were Mrs. Edna Gutherie of Canyon, Mr. and Mrs. Charlie Smith of Roswell, N.M., Mr. and Mrs. J. Roy Wells, Mrs. Dora Johnson and Mr. and Mrs. B. B. Wells, all of Lubbock; Mrs. Marie Johnson Monroe Wells, both of Stephenville; Mr. and Mrs. Arthur Wells of Shamrock; Mr. and Mrs. Clyde Wells and Lanna of Granbury, and Mrs. Flora Lee Fields of Hereford.

Afternoon callers included Miss Gail Wells of Big Springs; Mrs. J. G. Wells, Ben C. and Bee Jay of Amarillo; Mr. and Mrs. Bob Olham, Mrs. T. T. Fain, Mrs. Lela Haralson, all of Canyon.

Saturday night the family hosted a dinner party. Those attending were Mr. and Mrs. Ed Wells, Mike, Gail and Laura Lynn of Big Springs, Mr. and Mrs. Don Wells and children, Scott, Lea Ann, Mark, Debbie of Shamrock; and Mr. and Mrs. J. G. Wells, Ben C. and Dee Jay of Amarillo.

Johnny McClain Completes Basic

Army Private Johnny M. McClain, 19, son of Mr. and Mrs. Rube McClain, 1101 7th Ave., recently completed eight weeks basic training at the U. S. Army training center, infantry, Ft. Polk, La.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid and army history and traditions.

Our World

BY ANN BROWN

Is the old axiom that the freedom of one man's fist ends at another's cheek no longer valid? There are many apparently lawabiding citizens who seem to think so.

The people who are trying to force open saloons on Randall County say the liquor they drink is their own business. Ask the mangled victims of the drunken drivers if they think drinking is any concern of theirs.

Ask the survivors of the more than 25,000 victims massacred on our highways every year by drunks if drinking is immaterial to them.

Ask the man who has been deprived of his car, his job, and his health by a drinking driver if he has any objection to others drinking.

Ask the victims of years of tedious lawsuits resulting from drunken accidents if they think drinking is purely a matter of personal preference.

Ask the woman who is struggling to keep her home together, feed her family, and provide decent rearing for her children what she thinks of the liquor that robbed her of a husband and her children of a father.

An even more pathetic spectacle is the man who is trying to be father and mother to his children while he attempts to hide a drunken wife from a critical world — and from her own children.

Most to be pitied are the children who grow up hiding in closets and under beds to escape the rages of drunken parents.

How many children are denied adequate food, clothing, housing, and education because their parents drink up all available funds?

Beverage alcohol contriutes to the majority of dependent and neglected children being placed in a position that blights their lives, and may begin a chain reaction of endless misery.

The home is the foundation of democracy, yet liquor is a primary factor in the dissolution of thousands of homes daily by death and divorce.

A happily married couple were celebrating their 25th wedding anniversary. What began as a joyous occasion ended with the battered wife shooting her husband to death. She does not know what happened. She thinks they drank too much.

Juries consistently find killers innocent of murder because there was no malice involved — only liquor. (But the victims are just as dead.)

The people who favor open saloons, however, are not advocating drunkenness — just drinking. But whoever heard of anyone aspiring to become a drunk?

Don't all drunks start out as social drinkers?

A pauper died in Wichita Falls State Hospital. For 35 years he was a good husband, father, and civic-worker. He became a wealthy, admired, and respected citizen.

For all that 35 years the man's drinking was confined to a morning toddy, and an occasional social drink.

Then came the Depression. His financial pressures increased his drinking; gradually the situation reversed.

Before all his property was gone, his aging wife was forced to choose between a divorce and a penniless old age. And another home was dissolved by alcohol.

But will the average Randall family be affected by open saloons?

Who will pay the increased costs our sheriff says will be involved?

Even if one escapes all the other hazards of open saloons, the increased tax bite will put a big bruise on his cheek. Is that infringing on his freedom?

DPS Assigns Two To County

Randall County will have two additional highway patrolmen beginning Sept. 1, said Sgt. Jack Crownover in Amarillo.

James Haley and Richard Ayala will join Ron Boyter and Larry McLendon in Canyon.

Haley has been with the department of public safety for three years, Crownover said, and has been stationed in Wellington and Amarillo. He is married and has a son, 3, and a daughter three months old.

Ayala is married and will be a new patrolman, Crownover said. He is a trainee in Lubbock right now and the Canyon assignment will be his first.

Boyter has been in Canyon a couple of years and McLendon has been here about one year, Crownover added.

The patrolmen will have offices on the second floor of the Randall County Courthouse.

A MESSAGE
. . . About Vendor Drugs

On September 1, the Vendor Drug under Texas Medical Assistance will go into effect.

Payment will then be made to your pharmacist by the state, on behalf of eligible recipients.

This new procedure, which was enacted by the 62nd Texas Legislature, will be administered by the Texas Department of Public Welfare.

Those of you who in the past were provided funds for necessary drugs through direct grants will, on Sept. 1, begin a new process for receiving this benefit.

You will receive two forms from the state department:

1. Texas Medical Assistance Record, which you will keep in your possession, and which will contain the records required to be kept by your pharmacist and your doctor.

2. Plastic Identification Cards, which you will present to your pharmacist at the time you obtain pharmacy services.

Under this new Vendor Drug program, a new prescription will be required for the first refill after Sept. 1. We will be glad to assist you in obtaining a new prescription by telephoning your physician.

Our prescription record system makes available to you a complete itemized record of your original Prescriptions and Prescription Refills for each year or for any given period.

We will be glad to be of service to you in any way possible under the new Vendor Drug program.

Junior Tour Attracts 3 From Canyon

Three Canyon boys are putting and driving their way around the Breckenridge Park golf course in San Antonio this week at the Junior State Championship Tournament.

Joe Ziegler, son of Mr. and Mrs. Jack Ziegler, Brad Garner, son of Mr. and Mrs. Gary Garner, and Mike Shadix son of Mr. and Mrs. Buford A. Shadix, qualified by winning first in at least one junior tour tournament this summer.

Clay Teeters of of Amarillo and a member of the Canyon Country Club is also signed for the San Antonio competition.

Brad Garner, a younger son of the Garners, sets his sights on a tournament win in Odessa today and tomorrow at the Tournament of Champions.

Ziegler and Shadix are members of the Canyon Eagle Golf Team that won first the past two years in district competition. And Ziegler was named district medalist this year.

He won two first places at junior tours this summer in Hereford and at the Canyon City Club — in the 16-17 age bracket.

"He has been playing golf since he was old enough to hold a golf club," his dad reports.

Ziegler also won two second places, a third and a fourth in the rest of the junior tours.

To win the Hereford tourney, he shot a one under par and in Canyon he fired a three under for the victory.

This is the second year for Shadix at the junior tournament and last year he placed around 80th in the field of 200.

Garner, a sophomore at CHS, will be on the Eagle golf team and will compete with the 14-15 year olds.

Joe Ziegler, right, competes today in the Junior State Championship Tournament in San Antonio along with two other Canyon boys. Ziegler, son of Mr. and Mrs. Jack Ziegler of Canyon, won first place in the Hereford and Canyon City Club tournaments to qualify for the state tourney. Ziegler is shown here receiving the winner's trophy from Cal Garrett, pro golfer at Hereford.

Kent Competes In Tournament

David Kent, West Texas State University tennis coach, and S. L. Shofner of Oklahoma City, Okla. won the Mid-Continent tennis Junior Veterans Doubles at the Mid-Continent Tennis Tournament in Wichita, Ks., Sunday.

They defeated Frank Scarth and Lucian Barber of Winfield, Ks., for the title, 4-6,6-1,6-1.

Shofner beat Kent for the Junior Veterans Singles title, 6-7, 6-2, 6-3.

Deputy's Son Killed In Vietnam Air Crash

Services are pending for the son of Randall County sheriff deputy and jailer Merle A. Strickland who was killed last week in Vietnam.

Gail Lynn Strickland, 18, was killed in a plane accident in Vietnam Aug. 12, according to Army spokesmen who notified the family Monday afternoon.

A telegram the family received said the boy was killed when the military aircraft in which he was riding exploded in mid-air, crashed and burned. The aircraft was on a military mission the telegram read.

Spec. 4 Strickland was born in Amarillo Sept. 15, 1952 and attended Amarillo High School and Reydon High School in Reydon, Okla. He joined the Army in February, 1970, and served in Germany before being assigned to Vietnam in December of that year.

At the time of his death, he was assigned with D Troop, 3rd Squadron, 5th Cavalry of the 101st Airborne (Air Mobile Divsiion).

He attended the Church of Christ in Amarillo

The family has requested memorials be sent to the children's home in lieu of flowers.

Services are pending at N. S. Griggs and Sons of Amarillo.

Survivors include his parents Mr. and Mrs. Merle A. Strickland of the family home, 3600 S. Hughes; two sisters, Mrs. Doris Newman of Garter, Okla., and Mrs. Karen Harp of Amarillo; a grandnother, Mrs. Annie Strickland of Durham, Okla., and one niece.

Highway Patrol Investigates 11 Accidents

Texas Highway Patrol investigated 11 accidents on rural highways in Randall County during the month of July, according to Sergeant Jack Crownover, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed and 13 persons injured.

The rural traffic accident summary for this county during the first seven months of 1971 shows a total of 98 accidents resulting in two persons killed, and 61 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for July, 1971, shows a total of 564 accidents resulting in 38 persons killed and 324 persons injured. This was 40 more accidents, 28 more fatalities, and 38 more injured than during June.

Aldermen Fail To Act

Tanglewood aldermen failed to act on a request to form a justice of the peace precinct in their new village at the regular meeting Tuesday night.

Resident Jim Fletcher said he could see no advantage to the justice precinct formation, and aldermen took no action.

Commissioners did authorize Nelson Cash to accept bids for warning tickets and traffic tickets to be used in the village.

"When we give a ticket we would give the child a copy, send one copy to his parents, and keep a copy," explained Mayor James "Doc" Potts.

In other discussion, aldermen urged residents to use plastic for garbage bags and put trash containers on stands so dogs can not overturn them.

Next meeting will be Sept. 21.

GRE Tests Set At University Says Dr. Waugh

Graduate school candidates have the opportunity to take Graduate Record Examinations on any of six test dates scheduled this year at West Texas State University.

The announcement came Tuesday from Dr. Kenneth Waugh, director of the WTSU Testing and Counseling Center.

The GRE includes an aptitude test of general scholastic ability and advanced tests measuring achievement in 19 major fields of study. The test is administered under the aegis of the Educational Testing Service.

The first GRE testing date is Oct. 23. Applications received by the ETS after Oct. 5 will incur a $3.50 late registration fee, Waugh said. After Oct. 8 there is no quarantee that applications for the October test date can be processed, he added.

Other test dates include Dec. 11 and Jan. 25, Feb. 26, April 22 and June 17, 1972. Equivalent late fee and registration deadlines apply to these dates, Waugh said.

Further inquiries about the tests may be directed to Waugh at West Texas State University.

R WE STOCK BOTH FAST AND SLOW SELLERS

Recent news stories told how supermarkets and discount firms are telling manufacturers: "Sell us only your fast sellers. We are weeding out all others." Their reason is that the small amounts sold of slow sellers are not profitable.

This is true, but sometimes slow selling products can be very important to the persons who need them. There are hundreds of them in our pharmacy that sell only about a dozen of each a year. We buy only a quarter of a dozen at a time and re-order when they are sold. Our reputation is to have whatever you ask for. If we don't have your favorite, tell us.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

THE BANKER

HE'S WHAT MAKES ONE BANK DIFFERENT FROM ANOTHER.

Most people think that banks are banks. After all, they'd argue, we look a lot alike. Our services are largely the same. We all conform. (We have to, we're regulated.)

But they're forgetting the banker. He's what makes one bank different from another.

He's something else. He gets where he is because he is who he is, a man with an innate sensitivity to what's going on. Rumors, tips, wild speculation — he leaves these to amateurs. And what he reads in the financial pages is just for starters.

Almost every area of experience comes into play in forming his decisions: world trends, political trends, scientific trends, industrial trends, social trends.

Where else can a man put together all these complex awarenesses and make them make sense? Some people might scoff at all this because they know it's not the banker's own money he's investing. Well, they ought to remember a banker has invested his life.

You'll find officers with an incredibly high degree of individual responsibility. We have so much respect for our people that we just don't saddle them with committee rules. This way, answers to your questions and decisions on loans come through faster.

When you stop in at West Texas State Bank, you'll find it's the banker who makes a bank different. We want you to know that you'll always find a welcome at West Texas State Bank. But to say you'll just find a welcome hardly says enough.

Gene Howe News

BY TROYCE MULHERIN

Greetings:

When Pauline approached your correspondent with the proposition of filling in for her with regards to this column, the first reaction was not exactly gracious as she previously reported. After some consideration, it dawned that this would be a once-in-a-lifetime opportunity to talk about Pauline without her being able to defend herself. Those of us in the Gene Howe area want to extend a warm and heartfelt thank you to Pauline for sharing her time, talent and humor with us over the years. In Pauline's two-year tenure as president of the Gene Howe PTA, she has contributed much to our success. Pauline's active involvement in civic and service organizations has enriched all our lives immeasurably — thank you, Pollie.

Happy birthday to Betty Pierce.

The Roy Cates family has been busy, busy, busy. Mr. and Mrs. Cates will soon be celebrating their 20th wedding anniversary. Congratulations! Saturday, August 21 is Nobie Cates Happy Birthday. The Cates family, with guest, Robin Gresham spent several days at Lake McClellan. Planned to stay longer, but that lovely rain sent them scurrying for home.

Happy birthday to C.O. Hillman.

Mr. and Mrs. F.P.Todd motored to McLean to visit with her sister, Mrs. A.J. Dwyer; and, the whole group took in the Dallas Cowboy game Saturday night. They then treated themselves to a day at Six Flags Over Texas, supposedly for little Cindy's benefit; we have a sneaky suspicion that moma and poppa had just as much, if not more, fun.

Happy Birthday to Mel Adkins.

The Edgar Sellers family recently visited the space center, the Astroworld, and the Astrodome in Houston, but Gwin is wondering where the "restful" vacation part comes in.

Mrs. Bill (Ernestine) Harp, winner of the 1971 Canyon Country Club Ladies Tournament, tried her luck at the Panhandle Women's Golf Association Tournament recently held in Dumas. Ernestine did not bring one of those impressive trophies home this time, so she consoled herself entertaining out-of-town visitors, Mr. and Mrs. Kinchleathers from the Lelia Lake Area.

Glad to learn that Brother A.C. Lyons is out and around after his recent illness.

Kathy Adkins spent this past week visiting and sightseeing in Oklahoma City.

Another of Gene Howe's golfing fiends, Guy Bufkin, recently garnered second place in the second flight of the Men's Division Tournament held at Canyon Country Club recently. Stay in there swinging, Guy, and bring home first place next time.

The Leonard Schmidt family attended a family reunion at Vernon, Texas, and especially enjoyed visiting with her brother, Swayne Scott, of Hawaii.

All boys interested in playing football for Gene Howe School this season might want to call Leonard Schmidt at 352-0741 in order to get their names in the pot. Word is that Euris Phipps and Eldon Balke and Leonard Schmidt will coach the fifth grade boys, and Bruce Winn will coach the sixth grade team to a championship. These sixth graders will have to win, what with a coach with that last name.

Donna and Bill Vance recently visited their respective parents in Clovis. So nice to go home and be treated to the tender, loving care only a parent can give.

Plans are being formulated to extend a special welcome for Gene Howe patrons. Back to school night for the first through third grades will be held October 4, at 7:30. The fourth through the sixth grade parents will observe back to school night on October 11, at 7:30. Parents are invited to visit with their kiddo's teachers and acquaint themselves with the school. Be sure and reserve these dates on your calendars.

Happy anniversary to Billie and Harold Erwin.

Happy birthday to Kaki Mulherin, who recently celebrated her ninth with a luncheon and grown-up type shopping spree. Poppa Mulherin and brother Mart missed out on the fun. They and Mart's special guest, Troy Lee Thompson, spent several days at Red River and brought a passel of trout home to show off.

Fact or Fiction? Not going to mention any names, but "city-farmer" friend contends that a drop or two of mineral oil deposited in an ear of corn when the silks are forming will discourage those creepy little worms from taking up residence. This little tidbit comes a little late for corn growers this summer, but the more adventuresome and energetic gardeners might bear it in mind for next summer.

Regardless, if anyone should be driving down Sundown Lane and should notice someone tiptoeing through her corn patch with an eyedropper, you will at least know she is practicing her theory. Who knows, perhaps this is her husband's last-ditch effort to keep her at home.

Bill Knighton from Longview is visiting his mother, Mrs. Tom Knighton. Bill and his good friend, Luther Lawless, have been playing some golf. This makes Mr. Lawless extremely happy, because as he put it, and we quote, "Bill is weak competition." Luther is elated over winning a game for a change. Bill is probably just exercising him "company manners" and letting Luther win. Whatever, thank you, Bill. Now, Mr. L. is happy, and when he is happy, we are all happy.

Congratulations to Mr. and Mrs. Robert Green (Gene Howe's Marguerite Green), who have recently welcomed a new granddaughter into the family, namely, Michelle Millsap, daughter of Mr. and Mrs. Keith (Mickki) Millsap.

Little Todd Bufkin is anxiously looking forward to attending Kindergarten at Rex Reeves. According to Moma, Mrs. Guy (Doris) Bufkin, Todd's enthusiasm is based solely on the fact that he will be riding the school bus. This boy's progress in the quest for knowledge will have to be supervised closely.

C.O. Hillman and Carl Johnson and some of the scouts from Troop 130 have recently returned from a camping sojourn somewhere west of Trinidad, Colorado, on the north fork of Porgatoire River. For the record, the purpose of the trip was supposedly to enable the scouts to work on their cooking merit badges. Actually, C.O. and Carl have so much fun on these trips, they grasp every opportunity to expose their scouts to the great outdoors. Scouts going along were David, Kurt and Allen Johnson, David Clark, Randy Riley, Greg and Brian Dodson, Kenny Johnson, Terry Hayhurst and Jesse Johnson. The group took time out from cooking to tour the John Francisco Museum in LaVeta, Colorado.

The Hillman family will soon be motoring to Marble Falls near Austin, Texas, to visit with friends and relatives.

Closing thought (or, parting shot): I fought a war with conscience — I won it — I always win. Borrowed.

Thanks for the use of the hall.

City Reviews CATV Rules

Canyon City Commissioners will consider the CATV specifications at their regular meeting tonight at 7:30 o'clock in the Community Center.

City Manager George Loudder said the CATV question is the only item on the agenda.

less expenditures of the county's money and would respectfully request that in the event of a special session of the 62nd Legislature, these items be reconsidered be the legislature and the various counties be given opportunities to have their positions heard in this regard," the letter concluded.

Copies of the letter were sent to State Senator Max Sherman, and state representatives Tom Christian, Ben Bynum and Brian Poff.

In other action Monday, commissioners agreed to accept bids on three new cars for the sheriff's department and on a new pickup for the road department.

The court also authorized District Attorney George Dowlen to accept bids for a new desk, chair and filing cabinet and side chairs for the second assistant district attorney who begins work Sept. 1.

Bids will be opened at the Aug. 30 meeting.

They also agreed to investigate the purchase or lease of radar equipment to be used in the county.

Commissioner Bill Butler suggested widening the road just north of Buffalo Bowl to improve traffic flow during football season. "It is such a hazard now, every time there is a ball game you always see several accidents up there," Butler supported.

No action was taken, but commissioners agreed to investigate the possibility.

Carl Baker, new road superintendent, said his department is in need of persons to drive the mowers. "The grass is getting ahead of us and we need people who can operate the mowers," he said.

Commissioners reviewed the budget and will set a public hearing sometime next week, according to County Judge Woody Pond.

ed at the activities center, including dances Monday and Tuesday nights, said Jim Holston, activities council director.

A movie is scheduled for Wednesday, Thursday and Friday nights. Friday will be Harold's Club night, with gambling with fake money and "all sorts of fun things," Holston said.

The orientation session will probably be Friday morning Holston said, with information about the school, organizations and hints on studies being presented to the new students. The Student Activities Council will be present at the orientation to answer questions.

Freshmen beanies will be sold for $1 from noon until 5:30 p.m. Sunday at each dorm which will open Sunday, Holston added.

The season will open with four games with four 3-AAAA teams. "Our linemen that really stand out are Larry Prichard, Randall Smith, Sammy Kerbel and Van James," Mills said.

Mills listed Cliff Prichard, Bill Moore, Mat Henson and Darrell Curtis as impressive offensive backs. "And Mike Podzemeny looks like he will be our kicking specialist."

Defensive secondary players looking good are James Johnson and Jeff Gunter, Gary Gerber, Kenny Jones and Bob Glisar, Mills said.

All positions are still open, Mills said, and any boy has a chance to make the squad.

cumbered funds.

Phillips said unencumbered funds are adequate and some of the surplus is being spent by design.

In the unencumbered interest and sinking fund at the end of the current fiscal year will be approximately $83,000 and there will be about $170,000 left in the unencumbered operating fund.

In other business, the board accepted apparent low bids on canned goods and meats for the school cafeterias.

The board stipulated that West Texas State Bank, the school's depository, must have on hand $440,000 in pledged securities to secure the school's money.

The building trades class got the green light for a speculative house. Most of the work will be done by members of the class and any profits will go into a revolving fund to finance other class building projects.

Jacobs said he hopes a profit of from $1,000 to $3,000 will be realized. He said the house would be built at least to FHA specifications.

Board members approved a school dress code which is carried in full on page 2 of this edition.

Trustees decided to discuss school budgeting and finance at a special meeting September.

The board accepted resignations of Marcus Phillips, Bobby Phillips and Gayle Frederick.

Marcus Phillips has been teaching vocational agriculture and is moving to Hereford to fill a similar post with the school system there Gayle Frederick taught chemistry and algebra here and Bobby Phillips has been business manager here the past four years.

Ray Schultz of Amarillo was hired as business manager.

Bill Barnett was employed to teach the new auto mechanics course. Other teachers hired include Mrs. Sandra Coleman, Mike Kimmins, Leroy Groves and Mrs. Mary Jane Reeves.

Trustees agreed to allow the use of the old gym at Umbarger for recreation programs for that community under sponsorship of some organization there, probably the Parent-Teacher Organization.

however, five panhandle counties of which Randall is one and the most notable, have gained in population during the decade in question.

Randall County has been listed as one of the fastest growing counties in Texas on a percentage basis. Randall's income per capita also is ranked among the nation's top.

The economist had some broad advice for members of the regional planning commission. He said an effort would be made to attract rapidly growing industries to this area. He thought this could be accomplished if a concentrated effort is made to solve the area's water problems.

The planning commission also heard Sen. Jack Hightower from the 30th senatorial district.

An accountant briefly outlined for the group a multi-year plan for the area criminal justice system on which plans call for spending $1.1 million in the region in 1972.

Mrs. Marr Dies, Last Rites Held

Funeral services for Nellie Francis Marr, mother of Mrs. Craig Johnson of Canyon, were conducted at 2 p.m. Wednesday in the Weathersbee Funeral Chapel of Rotan.

Rev. Albert Cooper, pastor of the First United Methodist Church of Rotan, officiated. Burial followed in Belleview Cemetery in Rotan.

Mrs. Marr, 86, was born in Nacogdoches, and married Samuel Bugg Marr in Rotan on Dec. 21, 1919. Mr. Marr died May 15, 1968.

Mrs. Marr had lived in Rotan since 1887 and was a member of the First United Methodist Church there. She had resided at LaCasa Canyon Convalescent Home in Canyon for five years. She died Sunday night in LaCasa.

Survivors include her daughter of 2408 Sixth Ave. in Canyon; one brother, Walter Pullen of McAdoo, and two grandchildren.

Umbarger News

BY SUSAN DOLLE

The annual reunion of the Louis Wieck family had an extra boost last Sunday when 109 descendants gathered at the Knights of Columbus Hall. Most of the children who reside near Umbarger and Hereford welcomed five guests from other parts of the U.S. as they tried to establish the certainty of kinship.

Two years ago Mr. and Mrs. Joe Wieck read in a farm magazine of a self-watering device developed by a Mr. Wieck in Oregon. Since Joe's father was the only Wieck who came from Westphalia, Germany, at that time, the family was anxious to know if this was a possible relation. Joe and Olie began writing. The result was that Sunday Francis Wieck of Denver, Mrs. Joe Wieck and her daughter Joan of St. Louis, Rev. Paul Wieck, a priest in St. Louis, and Mary Jane Tarkhill of Scotsdale, Ariz., attended the reunion here. Mary Jane asked, "Do all of the Wiecks here have big ears, big feet and big hands? If they do, we're kinfolk." She will be touring Germany soon and hopes to look further for a relationship. At the end of the day, the Umbarger Wiecks said the visitors were so congenial they were going to claim them on the spot.

Sergeant Louis Brandt is home on leave visiting his parents, Mr. and Mrs. Dennis Brandt. Louis had been stationed at Clark Air Force Base in the Philippine Islands for the past 15 months. After his leave, he will report to Randolph Air Force Base in San Antonio.

Louis and his family will be in Amarillo Saturday for his brother Gerald's wedding. The bride-to-be, Miss Truetta Hall of Clarendon, is employed at the American Quarter Horse Association and Gerald works for American Standard. The couple will make their home in Amarillo.

Pistols and Petticoats Square Dancing Club enjoyed a tacky party Sunday night in the parish hall. Ten squares danced to the calling of Herrick Allen and guest callers from Clovis.

Winners of the costume contest were Valerie Friemel, Tom Payne, Janet Wilhelm and Don Thompson. They were presented gifts of ties and necklaces. Deciding who wore the best costume were judges Henry Skypala, Frances Grotegut, Mrs. Marion Hicks and Gary Gerber. A pie supper was included in the evening's festivities.

Rainfall in the month of August is about 4.5 inches. That's something to be thankful for.

Good luck to the school kids. I hope this year is an adventure, one that will bring knowledge and enthusiasm for living. Good luck to the parents too who sometimes have a hard time keeping up with their children.

Meetings Planned For Students At Two Schools

Two meetings have been scheduled for sixth graders interested in band next year at Gene Howe and Rex Reeves Elementary Schools, said J.W. King, band director at Canyon High School.

Parents and students who are interested in band at Gene Howe will meet at 7:30 p.m. today in the cafeteria at Gene Howe. A meeting is scheduled for 7:30 p.m. Friday in the all purpose room at Rex Reeves for parents and students who are interested in band at Rex Reeves.

At both meetings J.W. King and Gary Laramore, assistant band director at CHS, will present an explanation of elementary school band. Canyon high school band students will demonstrate instruments and a music company will give an explanation of the rental-purchase plan of obtaining instruments. A display of musical instruments will also be set up.

Students may enroll in band Monday but it will be helpful to the students and their parents to attend the respective meeting, King said.

DR. FRED STOKER

Stoker Receives Appointment

Appointment of Dr. Fred Stoker, 46, as acting head of the Department of Elementary Education at West Texas State University was announced Tuesday by Dr. Kenneth M. Laycock, dean of the College of Education.

Laycock said that Stoker would continue to serve as head of the Department of School Services and as the College of Education's coordinator of graduate programs.

Stoker, who succeeds Dr. Keith Turkett who resigned last week to join the faculty at East Tennessee State University, came to West Texas State in 1958 as associate professor of education.

In 1961 he joined the Texas Education Agency as assistant director of teacher education. He returned to West Texas State as professor of education three years later.

A native of Nash, Tex., Stoker holds bachelor's and master's degrees from Baylor University and a doctorate from the University of Houston. Further graduate studies were undertaken at Yale University. He taught in the public schools of Ozona and LaMarque for 10 years before coming to WTSU.

Stoker has numerous publications to his credit, and has done extensive research in the educational field. He has been a member of several evaluation teams designed for studying school programs throughout the Panhandle area.

Mrs. Patrick Armstrong

Twin Ring Vows Said By Couple

The Rev. Dr. John S. Rascoe officiated double ring vows at 3 p.m. Saturday for Miss Barbara Joy White and Patrick Lynn Armstrong in First Baptist Church of Odessa.

Palms, English ivy and tapers outlined the front rail of the chapel. Candles and greenery formed the background. Large candle trees and spiral candlelabra holding voltive candles in crystal cups pyramided behind the altar.

Parents of the bride are Mr. and Mrs. Joe William White of Odessa. She is a 1967 graduate of Odessa High School and is an elementary education major at West Texas State University.

Armstrong is the son of Mrs. Ronnie L. Nunley of Odessa and Byram Armstrong of Lynden, Tenn. He is also a 1967 graduate of Odessa High School and is a finance major at WTSU. He served a year tour of duty in Vietnam and was stationed at Ft. Myer, Va., when he returned. He also served in the Honor Guard at Washington, D.C.

Mrs. James Draper was matron of honor. Miss Virginia Cochran, Mrs. Keith McKeever of Wichita Falls, Mrs. D. Joe White of Lubbock and Mrs. Max Mainard of McCamey were other attendants. They carried cascade bouquets of orchid, pink and blue pom pon daisies. Their headpieces were of yellow satin with circular silk illusion.

They wore floor-length yellow dresses with garnets of flowers in a zig zag pattern. The gowns were designed with empire waists encircled with yellow ribbon.

The bride, given in marriage by her father, wore a gown of white chiffon and Schiffli embroidery with silk embroidered bodice featuring a cameo neckline and bouffant sleeves, with wide embroidered cuffs. Venise lace detailed the gown at the neckline, the transparent yoke line, cuffs and the hemline. A wide band of venise lace encircled the high-rise waistline.

Gary Wilbanks of Big Spring was best man. Groomsmen were Richard Cauley of Big Spring, Chris Biddy of Canyon, D. Joe White of Lubbock and Keith McKeever of Wichita Falls. Granville Miller of Big Spring and Lindsay Ocker of Odessa seated guests.

Mrs. Leona Gage, organist, accompanied Harold Lewallen, soloist.

A reception in the church parlor honored the couple following the ceremony. The couple traveled to Red River, N.M., for a wedding trip. The bride wore a gold and brown suit with matching accessories. The couple will live at Cambridge House Apartments.

Mrs. Larry Smith

Capt. Larry Smith Weds Miss Broaddus

Miss Alice Dianne Broaddus and Capt. Larry Wayne Smith exchanged double ring vows at 7:30 p.m. Saturday in Joseph Hill Chapel on the West Texas State University campus. The Rev. Dr. Winfred Moore, pastor of the First Baptist Church in Amarillo, officiated.

Paents of the bride are Mr. and Mrs. Howard T. Broaddus of Amarillo. She is a 1971 graduate of WTSU where she majored in journalism and was editor of The Prairie. She is listed in Who's Who Among Students in American Universities and Colleges. She is a member of Gamma Sigma , Mu Kappa Delta, the Student Senate and the House of Delegates.

Smith is the son of Mr. and Mrs. Arnie Smith of Cordell, Okla. He is a 1969 graduate of WTSU where he majored in international relations. He was in ROTC, international relations clubs, and the Residence Hall Assocation. He attended Cameron State College in Lawton, Okla., and is a member of Phi Theta Kappa and the Student Senate. He recently returned from a tour of duty in Vietnam and is stationed at Ft. Riley, Kan., with the U.S. Army.

Attendants for the bride included Miss Leona Harms of Littlefield, Mrs. Steve England of Cordell, Okla., and Miss Margaret Carter of Colorado City. They wore floor-length gowns of blue miramist, with empire waistlines and flounce sleeves. Each carried a small white tapered basket with a mixed spring bouquet.

Best man was Gerald Harden of Dill City, Okla. Groomsmen were Steve England of Cordell, Okla., and Mike Grogan of McLean. Tommy Broaddus and Jerry Broaddus seated guests and lighted candles.

Presented in marriage by her father, the bride wore a floor-length gown of white miramist over taffeta, designed with stand-up collar, upper sleeves, bodice and Juliet cape of white dacron lace, encrusted with pearls. The sheer bishop sleeves and the skirt were of miramist. A bridal veil of illusion was attached to the Juliet cap. She carried a bouquet of a single orchid with streamers of stephanotis.

A reception in the Baptist Student Center honored the couple before they traveled to New Orleans, La. They plan to live in Manhattan, Kan.

The bride chose a green jumper with white blouse with matching trim for travel.

Wester-Roy Vows Read In Carlsbad

Miss Doris Lynn Wester and Teddy Max Roy were married recently in Immanuel Lutheran Church in Carlsbad, N.M.

Parents of the couple are Mrs. Jack Wester and the late Mr. Wester, former Canyon residents, and Mr. and Mrs. John L. Roy of Carlsbad.

Rain Drenches Land

Pattering rain splattered on parched land, hot pavement, and dusty windows throughout Randall County in an eight hour cloud burst that ended as suddenly Tuesday around 1 p.m. as it had begun in the pre-dawn hours.

Sheriff's office recorded 2.5 inches of rain in the city, while farmers showed up to 3 inches in outting areas.

Randall County Agent John Brazzil said good rains fell in almost all areas of the county.

"Everyone I have talked to got good gentle rains," Brazzil said.

Reports from the Jowell and Umbarger communities show constant rains. Those towns plus the area south of Bushland had been the most critical in the county," Brazzil continued.

He predicts a good chance for a dryland milo crop, and says irrigated crops are prospering.

"Feed crops look good, and the range land is recovering and responding to the moisture," he says.

He expects to have good grazing the rest of the summer because of all the rains that have grazed the county.

Brazzil predicts wheat will be in early which will mean early grazing on wheat pastures for stocker cattle operations.

"All they are waiting on now to seed is for the fields to dry."

The county agent explains mid-August has always been a peak time for rains, but the unusually cool weather has been an asset.

"We had a change in the weather around July 20," he noted. "And the drop in temperatures and the steady rains have allowed the moisture to soak into the ground."

Henrys Have New Son

Mr. and Mrs. Robert Ray Henry of Fort Worth became parents of a son, Matthew Ray, born recently in Harris Hospital in Fort Worth.

The baby weighed 4 pounds, 2 ounces.

Henry, son of Mr. and Mrs. Crews Henry of 1303 3rd Ave., received a degree from West Texas State University and a master's degree recently from Southwestern Seminary in Fort Worth. He also completed a course in counseling at the State Department of Corrections in Huntsville.

Mrs. Henry is also a graduate of WTSU.

Safety Engineer Explains Law

Jerry Bailey, safety engineer for the Lubbock office of the Department of Labor, told members of the Downtown Merchants Association of effects on them of the new Williams-Steiger Occupational Safety and Health Act of 1970.

Provisions of the law apply to every employer engaged in a business affecting commerce, but will be aimed first at target industries, such as long shoring, lumber and wood, roofing and sheet metal, meat and meat products and mobile home and transportation equipment, Bailey said. Department of labor inspectors would probably not get to retail merchants until the spring, after the law goes into effect Aug. 27. Even then, inspection of retail businesses will be mainly on the basis of complaint by employes, Bailey added.

Each employer under the act has the general duty to furnish each of his employes employment and places of employment, free from recognized hazards causing, or likely to cause, death or serious physical harm; and the employer has the specific duty of complying with safety and health standards promulgated under the act. Each employe has the duty to comply with these state and federal safety and health standards, and all rules, regulations and orders issued pursuant to the act which are applicable to his own actions and conduct, according to Bailey.

Enforcement of the law will be by routine inspection of department of labor officials, he told the merchants. Employers will be notified of violations or alleged violations by citation and may contest any alleged violation. Penalties involve a fine up to $1,000 for non-serious violations, and up to $10,000 for serious violations. For willful and continuous violation which involve death, a fine up to $10,000 and up may be charged with up to a 6-month prison term.

The employer has 15 working days within which to notify the Department of Labor that he wishes to contest the citation or proposed assessment of penalty. If the employer fails to notify the Department of the desire to contest within that period of time, the citation and assessment shall be final.

Employers must keep monthly records and periodic reports of work-related deaths, injuries and illnesses, he said. Fatalities or hospitalization of five or more employes must be reported to the Department of Labor within 48 hours. The logue must then be summarized at the end of the year. The records must be held for five years.

States have been required to submit a plan to carry out the federal requirements, Bailey said. Texas submitted plan has been turned down, bu Texas will soon adopt the federal registry as such," he added.

Many of the requirements of the safety and health law invole common sense, he said, such as keeping aisles clear or providing goggles for chopping, drilling, caulking, riveting and grinding in which the eye hazard of flying particles, molten metal or liquid chemical exists.
